LIGHTING THE FUTURE  
school foundation

## 8th Annual IBSF Silent Auction November 10, 2018

To Whom It May Concern,

The Ishahayi Beach School Foundation (IBSF) was founded in 2005 by expatriate spouses in Lagos, Nigeria. The foundation's goal is to promote and foster education by aiding a school in a small Yoruba fishing village on Ishahayi Beach near Badagry - The Light School.

Our Foundation believes that by sponsoring the growth of this school, the children, as well as the community, will learn the power of education and how it will open the door to a brighter future for generations to come. Education brings hope.

Each year IBSF hosts a Silent Auction fundraiser that helps us raise the funds needed to sustain the school annually. The generosity and passion we have experienced in past years is incredible - the proceeds have made it possible for The Light School to offer a Nursery School, a Primary School, and now a Junior Secondary School.

Prior to IBSF, the school was merely a thatched roof that hosted 70 students, today, thanks to kindhearted donors and community partners, they have two 6-classroom brick buildings and enrollment has increased to 200 students who attend from all areas of Ishahayi Beach. It has been an amazing journey and we are excited to continue supporting the school as it grows in size, number, and level of education!

The earnings raised in this year's Silent Auction will not only fund school operations, but also go towards improving the Sustainability Program, installing solar panels to reduce generator expenses, provide teacher training, new textbooks and an updated curriculum.

In 2016, a "Break the Cycle" scholarship program was started to help the students that graduate from Junior high school continue on to Senior high school which will enable them to secure a completion of high school certificate. The Scholarship also aims to support high school graduates to proceed on to University.

We are seeking help from individuals and companies who have compassion towards education and eradicating poverty for the local children and communities that we support. We thank you for your consideration, and we hope to form a mutually beneficial relationship that will continue to grow in the future!

Sincerely,

IBSF Board of Directors

How can you help The Light School?

- o With individual or corporate cash donation in kind;
- o By donating a raffle prize item and/or sponsoring a basket for the Silent Auction.
